

JetFlash™ 220

Secure storage - at your fingertips

Fight back against data theft with Transcend's new secret weapon – the **JetFlash 220**. With its elegant streamlined design and versatile features, the new **JetFlash 220** combines the convenience of high-speed portable data storage with state of the art biometric security.

The **JetFlash 220's** fingerprint recognition technology not only makes it easy to safely store personal files and sensitive office documents, but also allows users to automatically log on to websites that require a username and password. Other useful features include powerful 256-bit AES encryption, Mobile Favorites, and the ability to adjust the size of the drive's Private and Public partitions at whim. Transcend constantly strives to combine high tech performance with exceptional quality and an elegant design in all of its products, and the **JetFlash 220** is no exception. Its sleek, low profile design includes an attractive rotating cover that never gets lost.

FEATURES // MAXIMUM SECURITY PROTECTION FOR YOUR DATA

Weight :	13g
Certifications :	CE, FCC, BSMI

PACKAGE CONTENTS //

- JetFlash 220
- Neck Strap
- Software CD
- Quick Instruction Guide
- Warranty Card

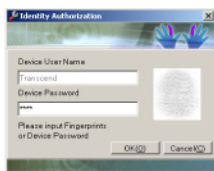

ORDERING INFORMATION //

Transcend P/N	Capacity	Color
TS8GJF220	8GB	Ruby Red
TS4GJF220	4GB	Royal Blue
TS2GJF220	2GB	Sunburst Orange

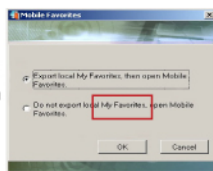

INCLUDED SOFTWARE //

1 Secure Fingerprint Authorization

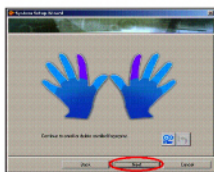

Whether accessing protected files, folders, logging on to websites, or changing any of the JetFlash 220's advanced system options, the fingerprint authorization window automatically pops up for easy, secure authentication.

4 Mobile Favorites

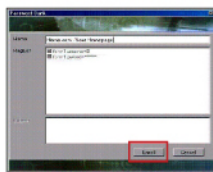

The Mobile Favorites function saves a copy of your favorites on the JetFlash into any compatible computer and browse your websites just like you would at home.

2 Register Multiple Fingerprints

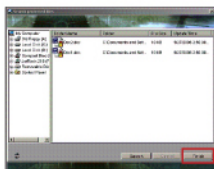

The JetFlash 220 software lets you choose whichever fingerprint you prefer to use as your "key," giving you increased security options and personalization.

5 Website Auto-Login

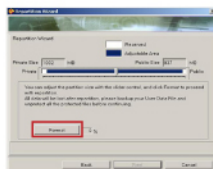

Automatically log on to websites that require your username and password without a single keystroke! The Password Bank allows you to edit or delete stored login information for all your Auto-Login websites.

3 Protect Files

Use the Protect Files browser to quickly locate your secure files, add new folders and files to protect, change protection status, or delete unwanted files.

6 Repartition Wizard

This useful tool is not just for formatting your JetFlash 220. It also lets you individually adjust the size of your Private and Public partitions on the drive..

Key Selling Points

1

Fingerprint recognition security

2

Convenient rotating cover

3

Website Auto-Login
